1. We advise you to record audio trivia questions. There is free online software at <http://audacity.sourceforge.net/download/>.
2. You can view the most complete and up-to-date scores and standings by going to **KVSC.ORG** and clicking on “current scores.”
3. If you can hear KVSC on our radio signal, please **DO NOT** use the Internet broadcast so that we can serve our Internet only teams first.
4. Please be polite when calling local businesses, especially video stores.
5. **Our new scoring system returns in 2010. It is imperative you state your team’s number first thing EVERY TIME you call.** this is the way the volunteers will access the scoring system.
6. We have a survey posted on our main page of KVSC.org and on the hourly scoring page. If you and your teammates take the survey, you will be eligible to win an iPod Nano (we’re giving away 2) and cool KVSC swag. You will also help KVSC in its efforts to improve its marketing, programs and community outreach. Thank you!

**Good luck with Trivia in 3D from KVSC 88.1FM!**
